Summary

Dedicated and experienced professional with a strong background in computer systems engineering and a focus on computer networking, cloud computing and internet of things. Skilled in Python and passionate about leveraging technology to drive innovation. Proven track record in teaching, leadership, and system administration.

Experience

Part-Time Faculty

Bethlehem University, Bethlehem, Palestine September 2020 - Present

- Delivering engaging lectures on cloud computing to software engineering students.
- Providing guidance and mentorship to students, fostering their understanding and passion for cloud architecture.

Instructor

Palestine Polytechnic University, Hebron, Palestine September 2019 - Present

- Developing and conducting IT courses related to computer programming, computer networking, cloud computing, and microcontrollers.
- Facilitating hands-on learning experiences to enhance students' practical skills in Linux.

Director of Computer Center

Palestine Polytechnic University, Hebron, Palestine September 2014 - September 2019

- Led a team of 8 IT professionals, overseeing the management of IT department in the university.
- Implemented the data center in the university to enhance IT infrastructure, resulting in improved efficiency and user satisfaction.

Instructor

Palestine Polytechnic University, Hebron, Palestine February 2014 - January 2016

- Taught computer programming and networking courses to IT students, consistently achieving high student satisfaction and engagement.

Network Administrator

Palestine Polytechnic University, Hebron, Palestine February 2006 - February 2014

- Managed the university's local area network (LAN) and wide area network (WAN), ensuring seamless connectivity across multiple campus locations.
- Managed network infrastructure devices, such as routers, switches, and access points, performing routine maintenance, updates, and troubleshooting as needed.

Programmer

Hebron University, Hebron, Palestine November 2001 - January 2006

- Developed software applications to support the university's management information system.
- Collaborated with the team of developers, and subject matter experts to design and implement human resources information system.

Education

- M.Sc., Informatics Palestine Polytechnic University, Hebron, Palestine 2008 - 2012
- B.Sc., Computer Systems Engineering Palestine Polytechnic University, Hebron, Palestine 1996 - 2001

Training

- Professional Diploma in Public Administration, Bethlehem University, 2017
- IPv6, RIPE NCC Academy, 2015
- IT Security, Dortmund, Germany, 2011
- Redhat Certified Engineer (RHCE), Bangalore, India, 2009
- Oracle Certified Professional (OCP), Ramallah, Palestine, 2006
- Cisco Certified Network Associate (CCNA), Hebron, Palestine, 2004

Skills

- Machine Learning: Scikit-learn, TensorFlow, PyTorch
- Cloud Computing: AWS, GCP, Azure
- Microsoft Office, Google Apps, Windows Server, Linux, VMware, Docker, C, and Python
